

# MORRVAHL OLBRECHT

Morrvaahl Olbrecht has dedicated his life to studying the Shyish Nadir, believing that it's power can be turned to the advantage of Order. Erstwhile allies who stand in his way are apt to suffer a gruesome fate, often proving more far more useful in death than they were in life.

## DESCRIPTION

Morrvaahl Olbrecht is a named character that is a single model. He is armed with the wizard's staff Gravebloom.

## ABILITIES

**Life Unto Death:** *Morrvaahl Olbrecht is able to channel his own life force into his deathly invocations, increasing their potency at great physical and mental cost.*

After making a casting roll for this model, before your opponent attempts to unbind, you may inflict up to 3 mortal wounds on this model and add 1 to the value of the casting roll for each mortal wound inflicted. Mortal wounds inflicted by this ability cannot be negated.

**Leeching Tendrils:** *When Gravebloom detects that its master is weakened, barbed tendrils spring forth from the wormrose staff to leech the vital energies from any who stray too close, making no distinction between friend and foe.*

In your hero phase, if this model is at less than its maximum number of wounds, the closest model within 3" suffers D3 mortal wounds. Additionally, this model regains a number of wounds suffered earlier in the battle equal to the number of mortal wounds inflicted by this ability.

## MAGIC

This model is a **WIZARD**. It can attempt to cast 1 spell in your hero phase and attempt to unbind 1 spell in the enemy hero phase. It knows the Arcane Bolt, Mystic Shield and Soulstorm spells.

**Soulstorm:** *A howling maelstrom of tortured souls is pulled from the shadows, roiling and whipping across the battlefield with the force of a thousand razor-sharp blades.*

Soulstorm has a casting value of 8. If successfully cast, all units within 9" of the caster (excluding the caster) suffer D3 mortal wounds and subtract 1 from their bravery characteristic until your next hero phase.
